

I am asking that the FCC not to implement
any proposal that would lessen
Indiana's Telephone Privacy law
protections.

--Indiana's Telephone Privacy law
has improved mt time at home.

--It has been very effective as I used to receive well over 15-20 calls an
evening resulting in frustration and anger. We would take the phone off the
hook in order to eat dinner. I now only receive one on very irregular basis.

--I can not stress how important the Indiana Law has been to me and my
family.

Thanks,

Dr. K.L. Church
